| Professional Flight Education (Bachelor)<br>General Information about Program | |
|---|---|
| **Program Objectives** | Academic courses as well as theoretical ground training will be delivered by the Özyeğin University Undergraduate Professional Flight Program, while flight training will be offered by AYJET Anatolian Stars Flight Training Organization as per the Academic Cooperation Protocol signed between Özyeğin and AYJET. Our graduates will also be qualified for the Pilot License (ATPL) issued by the Directorate General of Civil Aviation (SHGM). he Undergraduate Professional Flight Program curriculum has been designed in line with the rules and regulations of the International Civil Aviation Organization (ICAO) and the Airline Transport Pilot License (ATP) standards of the European Aviation Safety Agency (EASA). In addition to the Professional Flight, students will also be offered an intensive academic program which will set them apart from the competition by building a robust foundation about airlines and corporate aviation. |
| **Qualification Awarded** | Bachelor |
| **Level of Qualification** | QF-EHEA:1<br>EQF-LLL: 6 |
| **Provisions for Registration** | OzU Undergraduate Programs admit eligible students through the central placement examination administered by the Center of Student Selection and Placement (OSYM), as well as through special aptitude tests, international applications, horizontal transfer applications, and special student and exchange programs. Except for placements by OSYM, all admission and enrollment procedures are governed by the principles and procedures set forth by both the Senate and YÖK. |
| **Qualification Requirements and Regulations** | The regulations for qualification are determined by "Ozyegin University Rules and Regulations for the Undergraduate Programs" and "Ozyegin University Rules and Regulations for the English Prepatory Program". To be able graduate from the Program, students have to complete 240 ECTS successfully. |
| **Specific Arrangements for Recognition of Prior Learning** | Depending on the degrees awarded, courses taken as part of a degree (completed or not completed) may lead to recognition of these as prior learning by the program. The students who have taken courses in another institution in Turkey or abroad can ask for credit and grade transfer. The executive boards of relevant program will decide on the courses to be transferred. |
| **Examination Regulations, Assessment and Grading** | Evaluation and assessment methods for each course are defined in the 'Course Description Form' by the lecturer of course. These requirements and regulations are specified in the relevant articles of the "Ozyegin University Rules and Regulations for the Undergraduate Programs" |
| **Education Type** | Full Time Education |
| **Graduation Requirements** | This degree is awarded to students who have successfully completed the required and elective courses in the curriculum earning 240 ECTS, have a least D from all courses, have a Cumulative Grade Point Average of at least 2.00 on a 4.00 scale and complete its mandatory internships successfully. |
| **Occupational Profiles of Graduates** | The Undergraduate Professional Flight Program prepare its graduates for a vast array of career opportunities at airline companies, general aviation companies, universities offering pilot training programs as well as flight training organizations through its rich curriculum offering academic courses, elective courses as well as theoretical courses and flight trainings for PPL and ATPL. |
