

ÖZYEĞİN UNIVERSITY
FINANCIAL & PERSONAL COMMITMENT DOCUMENT FOR EXCHANGE STUDY

I am registered to Özyeğin University Program. I applied to be considered an Exchange student at one of OzU's partner institutions within the framework of Global Exchange Program for the 2017/2018 Academic Year Semester (Fall/Spring).

- At the time of my application/before my departure, I examined the estimated living costs of the host country/institution myself and made my financial guarantor know about the average living expenses for an exchange period.
- If/when I receive my acceptance from the partner institution, I accept to assume all living costs such as travel, accommodation, food, health insurance, books, visa-immigration, registration, etc. I will be responsible of making travel arrangements and paying for transportation.
- In case of encountering any financial problems during the study abroad period, I will not hold Özyeğin University responsible.
- As an exchange student I will continue fulfilling my obligations (tuition fee, etc.) towards OzU.
- I will be responsible of preparing all necessary documents for the visa, - and residence permit if necessary - follow the instructions of the partner institution and fulfill the requirements of the consulate/embassy of the specific country. I completely understand that visa application process and the outcome are both my own responsibility and Özyeğin University holds no responsibility for the visa application process and/or visa denials.
- I will be responsible of arranging my own accommodation. I completely understand that not all universities offer on campus housing and I am willing to search and find my own housing for the duration my exchange semester, on or off campus. I also understand/accept that housing facilities may differ and Özyeğin University is not responsible for arranging, changing or updating housing options. Changes and petitions regarding accommodation are solely my responsibility.
- I have checked the health insurance requirements of the host country/institution that apply to my case and I ensure that I will take care of it accordingly.
- I will prepare my Study Plan after receiving the necessary information from the host institution and talking to my faculty program coordinator. I realize that there may even be last minute changes after I arrive at the host institution that could potentially affect my graduation status at OzU.
