Editorial

Abdimajid Hassan, Emine Şen and Tamer Kumaş, students of Department of Architecture at Özyeğin University, Faculty of Architecture and Design won the third prize in 10th "Betonik Fikirler" (Ideas on Concrete) Student Project Competition.

Faculty of Architecture and Design had 145 graduates from undergraduate programs. There were 119 graduates from Department of Architecture, 14 graduates from Industrial Design Department, 4 graduates from Communication Design Department, and finally 8 graduates from Department of Interior Architecture and Environmental Design. I would like to express my best wishes for all graduates.

The new building of Faculty of Architecture and Design is under construction. I visited the construction site with Hüsni Özyeğin and Roger Klein in this week to see some material examples, and prototypes of some building components in the site. We also meet with the interns from Faculty of Architecture and Design who work in the construction.

The construction of the Faculty of Architecture and Design building is planned to finish at September 2019, however some montage work will continue till December 2019. We will move the new building in the beginning of spring term 2019-2020
