

COURSE REGISTRATION ANNOUNCEMENT

We strongly recommend that you check your academic program's curriculum, courses offered, as well as the information provided in this document. We also advise you to consult your advisor, when necessary, before completing your course registrations.

Once your course registration is complete, we recommend that you go to the "Academic Information - Degree Audit" screen to make sure that you have registered for the right courses to fulfill your graduation requirements.

You have been assigned different advisors to help you with the following issues during your course registration. You may view the details of your academic advisors via the **My Profile → Advisor Information** tabs in the Student Information System ([SIS](#)). Please see the duties of advisors below:

- Academic Advisors: Assist students with the required and elective courses of their academic programs.
- Dean / Director Advisors: Provide general information about the respective faculty or school.
- Student Services Advisors: Inform students about rules, regulations and directives.

Summer Session Course Registrations

- The summer session is optional.
- Students should register for summer session courses themselves via the [Student Information System \(SIS\)](#) within the course registration period specified in the [Academic Calendar](#).
- Students who fail to duly register for courses are not allowed to attend classes, sit for examinations or receive any grades.
- Course registrations become effective after summer tuition and fees are paid. Failure to pay the tuition and fees by the due dates will result in the cancellation of the course registration.
- Students who failed to complete their course registration within the announced course registration period may complete their course registrations during the add-drop period. Course registrations are not allowed after the end of the add-drop period.
- Students who have registered for a course which is subsequently cancelled are refunded for the tuition they paid. For refunds, students are required to visit Student Services Office and fill out an "Account Information Form". The related refunds are made directly to the bank accounts the students provided to Student Services.
- Students can withdraw from courses for which they registered within the "withdrawal period", which is specified in the academic calendar.
- Course withdrawals are considered course cancellations during the summer session. Students who have withdrawn from summer session courses are not refunded.
- It is strongly recommended that students give priority to the following courses in order not to extend their period of study.
 - Required courses previously failed ('F' / 'U')
 - Required courses previously withdrawn ('W')
 - Previous semesters' courses which have not been taken yet
 - Current semester courses (by giving priority to courses that are the pre-requisites of a higher number of courses)

COURSE REGISTRATION RULES

<p>Course Registrations</p>	<p>Course registrations must be completed via the SIS within the announced periods in the academic calendar. Course registrations become effective after summer tuition and fees are paid. Failure to pay the tuition and fees by the due dates will result in the cancellation of the course registration. Students who fail to duly register for courses are not allowed to attend classes, sit for examinations, or receive any grades.</p> <p>Students who have not completed their internship, despite having completed all courses offered in their curricula, must pay their tuition, and register for the internship/certificate/seminar courses at the beginning of each academic semester during the registration period specified in the academic calendar.</p>
<p>Add-Drops</p>	<p>Students may make changes to the courses for which they were registered (add, drop, or change the sections of courses) within the “add-drop” period, which is announced in the academic calendar. Students who were unable to complete their “course registrations” during the course registration period may also complete their late course registrations during the add-drop period by paying their tuition and any other required amounts. Students may not register for or make any changes to courses after the add/drop period is over.</p>
<p>Course Load</p>	<p>The maximum course load that can be taken at the University or another higher education institution during the summer session is 18 ECTS credits.</p>
<p>Course Repeats</p>	<p>Students must repeat and pass the required courses they withdrew from or failed with a letter grade of either F or U in order to be eligible for graduation from their programs. Where the course to be repeated is an elective; the student may repeat the same course or may substitute it with another elective. Courses in which students earned a grade of B or higher cannot be repeated. Courses in which students earned a grade of B- or lower can be repeated until students receive a grade of C or higher. Courses with a letter grade of I or BÜT cannot be repeated until the final grade is assigned. Waived/exempted courses which students took at other higher education institutions cannot be repeated. Students are recommended to repeat the courses they failed or withdrew from in the very first semester they are offered in order to increase their GPA, and be eligible to take the courses whose prerequisites they have failed to meet. In repeated courses, only the most recent grade earned is counted towards the grade point average calculation. In the event that a student withdraws from a repeated course, the grade previously obtained from the repeated course will be reinstated. Where the repeated course is a pre-requisite, only the most current grade obtained is applicable.</p>
<p>Course Substitution</p>	<p>Course substitution is a type of course repeat and, hence, is subject to same terms and conditions applicable to course repeats. Students may repeat an elective course they previously failed by substituting it with another elective. However, withdrawn courses (W) cannot be substituted. The course for which a substitution request is initiated (the latter course) must have been taken later than the course to be substituted (the former course) and must not have been graded.</p> <p>In course substitutions, the total points obtained from the last course (latter course) taken in lieu of the previously taken course (former course) are included in the cumulative grade point average (GPA). The cumulative grade point average and semester grade point average relating to the previous semesters are not affected. Only the total grade point average is changed.</p> <p>In substituting passed courses, it is recommended that due care and attention is paid to the aforementioned details. Only the last grade obtained from a substituted course is counted towards the grade point average. However, we would like to remind you that in a case where the student withdraws (W) from the substituted course in the respective semester, the last grade obtained from the former course will be effective.</p>
<p>Registration for Courses Requiring the Approval of the Instructor</p>	<p>In certain courses, the approval of the course instructor is required in order to be eligible for course registration. Students who wish to register for such a course should send their request via the Student Information System (SIS). After obtaining the approval of the course instructor, students must complete their course registration themselves via SIS within the course registration period.</p>
<p>Registration for Courses with Pre-Requisites</p>	<p>In order to take a course with a prerequisite, the prerequisite(s) must have been completed with at least a passing grade of D or S. In some cases, the prerequisite of a course may not require the completion of a course but attainment of a specific status (i.e. being a senior student, and having completed at least 60 ECTS credits). Students cannot register for courses with prerequisites unless they satisfy the prerequisite requirements.</p>

<p>Registration for Courses with Co-Requisites</p>	<p>A co-requisite course is a course that must be taken simultaneously with another course. The co-requisite of a course generally entails course hours like laboratory sessions or discussions. In certain cases, two courses can be defined as each other's co-requisites. In order to register for a course with a co-requisite, students must also register for its co-requisite. Students who previously completed the co-requisite of the course they would like to take with at least a passing grade of D can take the course on its own without having to register for the co-requisite. Students must register for both the course with a co-requisite and its co-requisite. Courses with co-requisites and their co-requisites must added or dropped together.</p>
<p>Registration for Courses Offered in Previous or Subsequent Semesters</p>	<p>It is strongly recommended that students give priority to the current semester courses offered in their curricula in order not to extend their period of study. It is the responsibility of students to determine for which courses they will register.</p>
<p>Registration for Courses with Full Quota</p>	<p>Students cannot register for courses whose quota is filled. Students who wish to register for a course whose quota has been filled may submit a request for additional quota. Additional quota requests must be submitted via the Course Catalogue and Course Registration tab on the Student Information System (SIS) to the Dean/Director's Office of the faculty or school which offers the respective course. Course quotas are increased in general, not just for specific students. No notification is sent to students when the quota of a course is increased. Therefore, students must check whether or not the quota of a course is increased via the Course Catalogue and Course Registration Sections with Increased Quota tabs on the Student Information System (SIS), before the quota increase times (9:45, 11:45, 13:45, 15:45). If the quota of the course is increased, students must complete their course registrations themselves via the Student Information System (SIS). Students who are unable to register for a course whose quota is increased must re-apply for additional quota.</p>
<p>Registration for Courses with Overlapping Class Times ("Time Conflicts")</p>	<p>When registering for the first time, it is not permitted to register for courses with overlapping meeting times ("courses with time conflicts"), even if the courses only overlap ("time conflict") partially. Should the meeting times of a course overlap with those of a previously graded course, applicable rules for registration are determined by the faculty/school executive board. Accordingly, the following rules apply:</p> <p>In a case where the repeated course with overlapping meeting times ("time conflict") is offered by the Faculty of Business, Faculty of Engineering, Faculty of Social Sciences, or the School of Applied Sciences (excluding applied food production (culinary) course), you may register for the course with the approval of the course instructor. In order to register for such courses, the following actions are taken on the Course Registration screen on the SIS:</p> <p>Step I: The student registers for the course which will be taken for the first time. Step II: The student registers for the course which s/he took before and now wishes to repeat. The student submits a request to obtain the approval of the course instructor during the registration. Step III: Should the course instructor approve the student's request; the student may add the course via the approval screen. In a case where the request is not approved by the course instructor, the course to be taken for the first time will be cancelled, and the student will need to make a choice between the two courses, and register for only one of the courses.</p> <p>In a case where the repeated course with overlapping meeting times ("time conflict") is offered by the Faculty of Law, students may register for the course without obtaining the approval of the course instructor.</p> <p>In a case where the repeated course with overlapping meeting times ("time conflict") is offered by the Faculty of Architecture and Design or the Faculty of Aviation and Aeronautical Science students are not allowed to register.</p>

<p>Registration for Double Major Courses</p>	<p>Students are recommended to take into account their double major courses while completing their course registration in order to be eligible for graduation from their double major programs within the maximum period of study.</p> <p>Failure to take courses from the secondary major for two successive semesters will result in the termination of enrollment in the secondary major.</p> <p>Failure to achieve an overall GPA of at least 2.50 for two times, or failure to achieve a GPA of at least 2.00 in either the primary or secondary major for two times will result in the termination of enrollment in the secondary major.</p> <p>Double major students may apply to transfer from their primary majors to their secondary majors so long as they fulfill the requirements for horizontal transfer within the University. Students who transfer to another degree program are no longer considered double major students, and their double major status is terminated.</p> <p>The period of study for students who qualify for graduation from their primary majors but have not completed their secondary majors yet is the maximum period of study (14 semesters) stipulated in Article 44, clause (c) of the Higher Education Law No: 2547 starting from the academic year in which they enrolled in their second majors. Failure to graduate from the secondary major within the maximum period of study will result in the forfeiture of the student's double major student status, and the termination of the enrollment in the secondary major.</p>
<p>Registration for Minor Courses</p>	<p>Students are recommended to take into account their minor program courses while completing their course registration in order to be eligible for graduation from their minor programs within the maximum period of study. Common courses which are offered by both the major and minor programs are counted towards the graduation requirements of both programs. Failure to take courses from the minor program for two successive semesters will result in the termination of enrollment in the minor program. Students must achieve a minimum GPA of 2.30 in their major programs in order to be eligible to pursue their studies in the minor program. Failure to fulfill the GPA requirement will result in the termination of the enrollment in the minor program.</p> <p>In order to be eligible to graduate from their minor programs, students must qualify for graduation from their majors, and achieve a minimum GPA of 2.00 in their minor programs.</p> <p>Students who have graduated from their majors but have not completed their minor program yet are granted a grace period for at most two (2) semesters to complete their minor program, subject to the Executive Board decision of the faculty/school that offers the minor program.</p>
<p>Registration for Courses Offered by Other Academic Programs</p>	<p>Students can register for courses offered by other academic programs so long as such courses can be counted toward their graduation requirements and are listed as electives in the curricula of their degree programs. If a Faculty/School has restricted the registration for a specific course to the specific students of an academic program only, other students cannot register for the courses with restricted registration. Such students must apply to the Administrative Secretary Offices of their faculties or schools in order to ask for permission to register for the courses with restricted registration.</p>
<p>Registration for Turkish-Medium Courses</p>	<p>Students who are enrolled in English-medium programs cannot take Turkish-medium courses to complete their graduation requirements. Nevertheless, students who wish to take a Turkish-medium course without having it counted towards their graduation requirement may submit a request at their Faculty/School Secretary's Office, provided that they do not exceed their course load by taking the Turkish-medium course. If the student's request is approved, the student's course registration for the Turkish-medium course will be completed by Student Services.</p>

IMPORTANT REMINDERS FOR CERTAIN COURSES

HIST 103 History of Civilization I and HIST 104 History of Civilization II

Students who must repeat HIST 101 may take HIST 103 History of Civilizations I in lieu of HIST 101. Among students who passed HIST 101, those who must register for or repeat HIST 102 may take HIST 104 in lieu of HIST 102.

Courses without Schedule

The following courses are offered without a course schedule. The course instructor will notify students of the course schedule at the end of the course registration period.

Courses without Schedule	
ECON 403.A	IR 300.A
ENTR 405.A	IR 390.A
FIN 403.A	IR 391.A
IBUS 405.A	IR 392.A
MGMT 405.A	MIS 403.A

Registration for Courses Requiring the Approval of the Instructor

Students who wish to register for the following courses must first obtain the approval of the respective course instructor. Students must submit a request to the respective course instructor via the [SIS](#). After obtaining the approval of the course instructor, student must then complete their course registration again via [SIS](#).

Registration for Courses Requiring the Approval of the Instructor	
ECON 403.A	MATH 211.A

Registrations of Architecture and Law Students for English-Medium Courses

Turkish-medium Architecture and Law program students who were unable to pass the English Language Proficiency Examination (TRACE) cannot take the English-medium courses.

However, students who have matriculated to their undergraduate programs by proving their English proficiency through TRACE or any other University-recognized proficiency examination are eligible to take the English-medium courses listed as electives in the curricula of their programs.

Registrations of Architecture and Law Students for “ENG” Coded Courses

Students of the Turkish-medium Architecture and Law programs may take the “ENG 103 English I” (For Turkish-medium programs) and “ENG 104 English II” courses (For Turkish-medium programs).

Law and Architecture degree program students who have successfully passed the TRACE exam or external examinations that are accepted by the University, and move on to their degree programs may be exempted from the ENG 103 and/or ENG 104 courses according to their scores and “Principles For Exemption Examinations Administered For Foreign Language Courses Offered By Turkish-Medium Undergraduate Programs At Özyeğin University”. Students who do not take the TRACE exam or who do not submit an external examination result may be exempted from the courses by taking the “exemption exam” on the first day of the courses.

Exempted courses are transcribed with EW (Waiver with Examination) grade in the transcripts. Students who are granted exemptions can register to courses from the [Student Information System \(SIS\)](#) in the course registration and add-drop periods without exceeding the credit loads in accordance with the lesson plans.

Second Foreign Language Courses

In academic programs which require students to learn a second foreign language other than English, student may take the following language courses:

- **Hotel Management Students:** German, Chinese, Spanish or Russian
- **International Business and Trade Students:** German, Arabic, Chinese, French, Spanish, Italian or Russian
- **International Relations Students:** German, Chinese, French, Spanish, Italian or Russian

Students must complete the 101-102-201-202 courses in one of the specified second foreign language tracks. Students cannot register for another foreign language course in order to fulfill their free/non-faculty elective course requirements before completing these 4 consecutive courses. Students registered on academic programs which offer foreign language courses as required electives in their curricula may change the course they chose only once in the following semester, regardless of the course repetition rules in the rules and regulations. **The following rules apply to course changes:**

- a) If the student completes the first level but withdraws (W) from the second level in the following semester, the student may change the foreign language course in the following semester.
- b) If the student withdraws (W) from the course in the first semester s/he took the course, it will not be considered course repetition in the following semester. In order to be eligible to change the course, the student should have received a grade from that course that contributes to his/her GPA.
- c) When the student changes the course, it will not be considered course repetition, unless s/he received a Fail grade (F) the first course. If the student wishes to have it counted as course repetition, the student may personally do so by completing the “course repetition (substitution)” process via SIS. If the course changed is counted as an elective in the graduation requirements of the respective academic program, the course is directly added to the electives pool.

Students who register for a second foreign language course for the first time may, if they wish, change their second foreign language preference by the end of the add-drop period, provided that the new language course they choose has enough quota.

Cross-Listed Courses

Cross-listed courses are courses taught in the same classroom with different course codes. Students may register for cross-listed courses, which are listed as the required or elective courses in the curricula of their academic program. If two courses are cross-listed, students cannot register for both of the courses.
