- Fall term outgoing students usually have to submit their applications to partner institutions between March - May. Accordingly, they will be nominated by OzU IEP before the application deadline and receive application instructions from the host institutions directly.
- Spring term outgoing students usually have to submit their applications to partner institutions between September-November. Accordingly, they will be nominated by OzU IEP before the application deadline and receive application instructions from the host institutions directly.
- Once you apply, the partner institution will evaluate your documents and get back to you with their decision. Please note that institutions have different evaluation timeline and procedures. Please remain patient and wait to hear from them in the meanwhile. If you are accepted, you will receive an acceptance letter as well as other official papers from the host institution. They may also provide additional information on immigration/housing/health insurance policy requirements, etc.
- Do not apply for a student visa before receiving your official acceptance letter. The main and ultimate source of information regarding the student visa/residence permit procedure is the respective Consulate/Embassy. Please remember that green passport holders have to obtain a student visa as well.
- Obtaining a student visa/residence permit might take longer than your expectation. Applying for a visa application appointment and collecting the required documents as soon as possible is highly required. Please arrange your flights in accordance with the visa requirements as well as visa application results. For instance, if you are purchasing a transit flight, you are highly advised to double check whether your citizenship status requires a transit visa or not. Please do not make assumptions about any formal procedures such as these.
- Follow the instructions of the partner institution. If you are in doubt, please contact OzU IEP or the partner institution' International Office in accordance with the content of your query.
- Please do not wait until the very last minute to start working on your application package since receiving the necessary approvals and collecting signatures and documents take time. To avoid unpleasant incidents, please remember that partner institutions are very strict with their application deadlines.
